

Open & Affirming Prayer # 55

God of Unity and Acceptance, we pray earnestly that we each are accepted for the people that we are. You have created every one of us in your image and given us our own special gifts and abilities. We are unique and precious in your eyes. Let us walk this earth with pride and confidence. We want to flourish in our own skin, true to who we were meant to be. We ask for your grace to let our lights shine and not be extinguished by anyone who might try to do so. It is in our authenticity that your glory is made visible to others for we know that our spirit is one with your Holy Spirit. We are one in you and each of us has a place in your family. Keep us safe and open the hearts of all people to realize this truth.
Amen
